As an **interaction designer**, my playground consists of blueprints for creative concepts and digital narratives. My understanding of visual properties, web 2.0 technologies, and digestible information supports what I call our **digital craft**.

SKILLS AND SERVICES

Front-End Engineering (Web)

Javascript, JQuery, Flash

Drupal & Wordpress Theming

PHP, MySQL

IA/UX Design

Omnigraffle, Sketchup

Visual Design

Illustrator, Photoshop

Presentation Design

Powerpoint, Keynote, Flash

PROFESSIONAL HISTORY

IA/UX Designer | More Than Us, Inc. 2010 - TODAY

Produce architecture of user interfaces and interaction flows for products and services. Present design solution(s) to client, product and technical teams for iterative review and constructive feedback.

Adjunct Faculty | Parsons the New School for Design 2008 - TODAY

Designed academic curricula and working environment for undergraduate Design and Technology students enrolled in Interaction studios and labs.

Creative Director | Design for Social GOOD 2009 - 2011

Oversaw creative direction to meet the goals of client web-based and branding projects.

Design Consultant | Open Society Institute 2008 - 2011

Created intuitive and scalable design solutions for print and web-based campaigns.

Visual Designer | Microsoft JUL - AUG 2010

Produced user flows and mockups to effectively communicate both high-level design strategies and detailed user-interactions.
